If you receive an email from Ford CO, please **do not try to login into your account from Ford**, at least until we deliver to you the manual. From this moment, you have two hours to ask a refund. After these two hours, we cannot offer any refund. We will pay a Ford CO subscription and we will start creating your unique factory manual. After you download the manual, in 30 days we will delete your manual and all your personal data from our website.

What we do not do?

- We do not get orders without having your VIN car number.
- We do not keep manuals created for other clients. We do not keep your factory manual, so we suggest you to save it in many different locations.
- We do not take orders that require several engines, transmissions or various types of cars! It's obvious since one car can have only one engine, right?
- We assume no liability if this manual will reach somewhere other than your computer. We will delete the manual soon as we have confirmation that you download the file.

To avoid any possible issues, please look again to the video from our selling page. Your factory manual will look and work in the exactly same way, it will contain exactly the same chapters. We do not know how many pages it will have, because it is unique (anyway, few thousands).
